

**Roshaslina Rosli**

**CEO  
ACT4Health  
Malaysia**

Dr. Roshaslina Rosli is the CEO in ACT4Health, an evidence-based company promoting healthy ageing. She converted her Masters and received her doctorate of philosophy in medicine from University of Malaya (UM) in 2019, focusing on establishing effective tools for the assessment of dementia among senior citizen in Malaysia. She holds degree in Biomedical Science (2012) and diploma in Medical Laboratory Technology (2010) from Management and Science University. She has special interest in Dementia's assessment, care and management. Previously she was a Post-Doctoral Research Fellow in UM, conducting research on Dementia Care Pathway in Malaysia supported by National Institute for Health Research Global Health Group on Dementia Care & Prevention (DePEC) research funding. Currently she is a Project Manager for Transforming Cognitive Frailty into Later-Life Self-Sufficiency (AGELESS) Digital Phenotyping research project, as part of Davos Alzheimer's Collaborative (DAC), Boston University.
