

Khong Tak Loon

Consultant Surgeon

**Head of Colorectal unit at University Malaya Medical Centre
Malaysia**

Meet Khong Tak Loon - an accomplished Associate Professor of Colorectal Surgery at University Malaya and the Director of the Colorectal unit at University Malaya Medical Centre. His research interests focus on colorectal carcinogenesis and the early detection of colorectal cancer through bowel screening and surveillance. In addition to providing routine surgical care to patients with colorectal cancer, he takes a special interest in providing holistic and multidisciplinary care to elderly patients undergoing surgery.
