

Lim Si Ching

**Senior Consultant Geriatrician
Changi General Hospital
Singapore**

Prof Lim is Senior Geriatrician who helped establish a new inpatient service at Singapore General Hospital. She also led significant quality improvement initiatives at Changi General Hospital, including introducing delirium care bundles and creating restraint policies. Prof Lim is the Director of Education at the SingHealth Duke NUS Dementia and Cognitive Disorder Centre and oversees the dementia ward at CGH, which received the Public Service Transformation award for its person-centered care and non-restraint policy.
